DATES BETWEEN WHICH THE EXCAVATION IS TO BE OPENED AND CLOSED:

Before an issuance of an excavation permit, the Code Enforcement Officer shall collect from the applicant and the applicant shall pay to the Code Enforcement Office the amount of money from the following schedule of charges:

- A. \$100.00 initial application fee for the opening. If there is more than one opening in the block there will be an additional charge of \$25.00 per opening.
- B. A \$20.00 fee per square yard, per opening, will be charged..
- C. There will be a charge of \$10.00 per day for closing or barricading a street closed to traffic.
- D. If the Township has to Amesite the permitted area, there will be a charge of \$100.00 per square yard, plus the cost of Amesite.
- E. A charge of \$40.00 per square yard will be charged by the Township to cut a street.

Example of how to calculate square yardage:

Opening is 2 yards x 3 yards. $2 \times 3 = 6$ sq. yards. $6 \times \$20.00 = \120.00

If opening is measured in feet, first convert to yards.

Opening is 9 feet x 27 feet which is 3 yards x 9 yards. $3 \times 9 = 27$ sq yards.

$27 \times \$20 = \540.00
